Rules

RULES

This is an AFA sanctioned event and will be run in accordance with the “Rules and Policies of the Australian Flyball Association Inc.”

GENERAL RULES

Apart from dogs that are involved in the current race, all dogs must be held effectively (either on lead, staked in secure ground, or crated). Bitches in oestrus are not permitted on the grounds. Any dog that is considered unfit for racing, either by a veterinarian or judge, will be excused from competition.

RACING RULES

Dogs not entered on an official competition entry form will not be permitted to compete.

Dogs will be permitted to participate in only one (1) team. Teams may interchange dogs from Team A to Team B prior to the running of the first heat of the competition, providing the dogs are entered on an official competition entry form.

Each team must have four (4) dogs running in that heat, but may have a maximum of two (2) “reserves” that may be interchanged at the end of each heat.

All dogs must run on either a fixed collar or harness (no correction collars permitted in the ring).

A 90 sec. rule applies. From the end of the preceding race teams will have 90 secs to set up and be ready to race. The judge will indicate when there is 30 seconds remaining. The judge may forfeit a team if they are not ready on time.

If a dog crosses the start line before the starting signal, the Judge will declare a false start. If the same team causes a second false start in that heat, the dog will be required to run again. A dog must run again if it:

- fails to bring the ball
- back crosses the start/finish line before the preceding dog crosses the line
- misses a jump

If a dog “fouls” the ring, the heat will be forfeited and the win awarded to the opposing team.

If a dog interferes with the opposing team, the heat will be forfeited and awarded to the opposing team.

The box loader is to remain in position until the Judge declares the winner of the race. If not, the heat will be forfeited and the win awarded to the opposing team.

If the flyball box malfunctions, the box loader is to indicate, e.g. step in front of the box and raise hand, and the heat will be stopped. The Judge will assess the box and if the box is found to have malfunctioned, the heat will be restarted. If the box malfunctions again and it cannot be repaired or replaced in a reasonable time, the heat and all remaining heats in the race will be forfeited.

If the Judge determines that the box is functioning correctly, the heat will be forfeited and the win awarded to the opposing team.

The breakout penalty rule applies to this competition. Penalty for the first and second breakout will result in forfeit of each heat (other team awarded a win). Should the same team breakout for a third time they will not be eligible for a place in that division. If

the electronic timing equipment malfunctions and hand held timers are required, an extra second will be added to the official breakout time.

CODE OF ETHICS

Co-operation and good sportsmanship should be a way of life and evident in training and competition.

Participants shall at all time be courteous and friendly. At no time should they show displeasure with a dog, competitor, Judge/Steward, AFA representative,

sponsor, host or spectator, in or out of the ring. Never conduct yourself in a manner that would bring discredit to the sport of Flyball. As a participant you represent the sport of Flyball to all those around you.

MISCONDUCT

Misconduct shall include, but not be limited to, abusive or foul language, demonstration of dissatisfaction with a judge’s decision, inhumane treatment of a dog, demonstration of poor sportsmanship, wilful violation of the rules with intent to gain an unfair advantage, or any other behaviour that would leave a spectator with an unfavourable opinion of the sport of Flyball.

TRAINING IN THE RING – NOT AT THIS SHOW
