# LOCATION AND PARKING

#### LOCATION

AJ DAVIS RESERVE Fullarton Rd, Niddrie (just off the Calder Freeway)

Parking is available in the top car park (accessed via Fullarton Rd) or on the edge of the AJ Davis oval, please see instructions below.

The gate at the Fullarton Road Car Park will be open at 7am and close at 8am sharp. The gate will be locked during the day and opened again after presentations are finished.

#### **GETTING THERE**

Travelling from the city along the Calder Freeway, take the Milleara Rd exit. Turn right off the freeway ramp and right again on to Fullarton Road. The AJ Davis reserve car park is on your left hand side.

If travelling from the west down the Calder Freeway, take the Fullarton Rd exit (next exit after the Western Ring road ramps). You will then need to double back turning left into McNamara Ave and left into Fullarton Rd. 500 metres down Fullarton Rd is the AJ Davis reserve car park on your right hand side.

When driving into the reserve, drive SLOWLY at 5kms per hr with your hazard lights on. Please obey the parking attendants at all times. No cars are permitted to stay in the Marquee area so please disconnect trailers and move your cars to the designated parking area.

# RULES

This is an AFA sanctioned event and will be run in accordance with the "Rules and Policies of the Australian Flyball Association Inc."

#### GENERAL RULES

Apart from dogs that are involved in the current race, all dogs must be held effectively (either on lead, staked in secure ground, or crated). Bitches in oestrum are not permitted on the grounds. Any dog that is considered unfit for racing, either by a veterinarian or judge, will be excused from competition.

#### **RACING RULES**

Dogs not entered on an official competition entry form will not be permitted to compete.

Dogs will be permitted to participate in only one (1) team. Teams may interchange dogs from Team A to Team B prior to the running of the first heat of the competition, providing the dogs are entered on an official competition entry form.

Each team must have four (4) dogs running in that heat, but may have a maximum of two (2) "reserves" that may be interchanged at the end of each heat.

All dogs must run on either a fixed collar or harness (no correction collars permitted in the ring).

A 90 sec. rule applies. From the end of the preceding race teams will have 90 secs to set up and be ready to race. The judge will indicate when there is 30 seconds remaining. The judge may forfeit a team if they are not ready on time.

If a dog crosses the start line before the starting signal, the Judge will declare a false start. If the same team causes a second false start in that heat, the dog will be required to run again. A dog must run again if it:

 $\cdot$  fails to bring the ball

 $\cdot$  back crosses the start/finish line before the preceding dog crosses the line

• misses a jump

If a dog "fouls" the ring, the heat will be forfeited and the win awarded to the opposing team.

If a dog interferes with the opposing team, the heat will be forfeited and awarded to the opposing team.

The box loader is to remain in position until the Judge declares the winner of the race. If not, the heat will be forfeited and the win awarded to the opposing team.

If the flyball box malfunctions, the box loader is to indicate, e.g. step in front of the box and raise hand, and the heat will be stopped. The Judge will assess the box and if the box is found to have malfunctioned, the heat will be restarted. If the box malfunctions again and it cannot be repaired or replaced in a reasonable time, the heat and all remaining heats in the race will be forfeited.

If the Judge determines that the box is functioning correctly, the heat will be forfeited and the win awarded to the opposing team.

The breakout penalty rule applies to this competition. Penalty for the first and second breakout will result in forfeit of each heat (other team awarded a win). Should the same team breakout for a third time they will not be eligible for a place in that division. If the electronic timing equipment malfunctions and hand held timers are required, an extra second will be added to the official breakout time.

#### CODE OF ETHICS

Co-operation and good sportsmanship should be a way of life and evident in training and competition. Participants shall at all time be courteous and friendly. At no time should they show displeasure with a dog, competitor, Judge/Steward, AFA representative,

sponsor, host or spectator, in or out of the ring. Never conduct yourself in a manner that would bring discredit to the sport of Flyball. As a participant you represent the sport of Flyball to all those around you.

#### MISCONDUCT

Misconduct shall include, but not be limited to, abusive or foul language, demonstration of dissatisfaction with a judge's decision, inhumane treatment of a dog, demonstration of poor sportsmanship, wilful violation of the rules with intent to gain an unfair advantage, or any other behaviour that would leave a spectator with an unfavourable opinion of the sport of Flyball.

#### TRAINING IN THE RING

Please refer to the AFA Website for Training in the Ring Guidelines.

Kong Animal Products—Dogs love KONG. The way it bounces keeps them engaged and ready to play. It has a soft mouth feel for a satisfying chew and, of course, it's super durable. Owners love KONG too; they can stuff it, throw it, leave it out in the yard — KONG keeps coming back for more. Dogs and their owners choose the original KONG and all our other favourite toys because they're fun. KONG toys are the best of the best in quality, originality, variety, safety, and value. Give a dog a KONG. They'll be the first to show you: it's not just a toy,

it's a KONG
