Welcome.....to the All Dogs Sports Spectacular.

The All Dogs Sports Spectacular is being heavily publicised , and we expect the interest created will attract many members of the public to our event.

We have, throughout the publicity for the event, requested that members of the public do not bring their dogs on the day. There will be however, those who have not read or understood our request and arrive with their dogs in their vehicles.

Whilst it is difficult to determine at the gate if dogs belong to members of Dogs Queensland or are dogs who are simply visiting for the day, we need to advise owners of the rules for visiting dogs.

We know that our members are extremely particular about the hygiene and behaviour of their dogs, and we want to ensure that we take a number of steps to protect our members, their dogs and the visiting public. On entry we will:

- ⇒ Record the name & contact numbers of all persons who have visiting dogs on site.
- ⇒ Advise that all dogs who arrive must be kept on a leash
- ⇒ Query vaccination history of visiting dogs

We will be directing people with visiting dogs to the Dogs Queensland gazebo near the gate to register their visiting dogs with us and receive a visitors dogs pass. This visitors pass will be attached to the dog lead, and must remain there at all times.

It is important that we are aware of all visitors on site, we also want to ensure easy entry for members. To gain quick member access at the gate , please **PRINT THIS PASS** and present it to the persons on the gate for immediate entry. Please write your membership number on the pass.

Thank You for your help!
