Out of the Wilderness Flyball Competition

Welcome

Well here we are after the disappointment of cancelling last year's competition

But here we are as one of the last official race meeting sanctioned by the AFA for 2023.

It is a proud moment again in that as a Club we run a competition with not only Tasmanian based teams but with a team and dogs from the mainland.

We welcome Flyball Friends with their dogs plus Gavin and Karen Bland who are returning to Tassie with Gage.

We thank Frank Lux for being our Judge for our competition plus Karen for taking on the role of AFA Representative and Gavin assisting with time keeping.

This is the first flyball competition for some dogs and for our 2023 Nationals team "Devils" an opportunity to repeat their performance at the Nationals.

We have several new members helping during the competition by taking on various roles and thank them for stepping up.

We have some volunteers, friends of club members, assisting with catering and running the canteen.

We have training in the ring for our up-and-coming flyball dogs and that will be great exposure for them.

We are running a raffle to assist with covering the costs of our competition (details in the catalogue).

We again have our special Tassie trophies, this year all of them are made from huon pine.

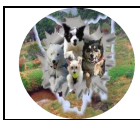

We hope and pray for good weather plus good competition and plenty of laughs.

A special thanks to my fellow club members for your assistance and contributions for getting this event up and running.

David Strong

President

Tassie Flying Paws Dog Club Inc.

Out of the Wilderness Flyball Competition

Who are the Tassie Flying Paws Dog Club?

The Tassie Flying Paws Dog Club Inc. is a group of likeminded individuals who share a love for dogs of all breeds and undertaking dog sports with them. The Club became an incorporated association in 2016 and was prior to this date predominately a club where flyball was the only dog sport undertaken.

The Club became an incorporated association in 2016 and was prior to this date predominately a club where flyball was the only dog sport undertaken. Since then, the Club has increased its offering of dog sports to rally, noseworks and agility.

The Club is affiliated with the Australian Flyball Association for Flyball and the Tasmanian Canine Association (known as “Tas Dogs”) for other dog sports.

The Club has two training venues, Pontville and St Helens. At Pontville, the Club trains every Sunday from 9am and Wednesday from 5.30pm, Flyball and Agility training occurs on Sundays, whereas flyball and rally occur on Wednesdays. Noseworks training is run over 4–6-week blocks, 4-5 times a year. At St Helens, the Club trains every Saturday from 9am flyball, agility and rally.

The Tassie Flying Paws Dog Club evolved from Tassie Flying Paws Flyball Racing which was established in the early 2000’s. Since then, changes to training locations and membership have seen the Club moved to its current location at Pontville Park since 2015. The Club started a sub-group of members in St Helens to grow the sport of flyball and this group has grown and predominately undertakes agility and rally

Researching the AFA website reveals that the first flyball points earned by dogs competing under the team names of Tassie Flying Paws or Tassie Jack Jumpers was in 2005.

The Club’s colours have changed from red to blue while the logo has changed to include the Club’s new name Tassie Flying Paws Dog Club Inc. to reflect that we are not a single dog sports club.

Since the name change our flyball team names have reflected the names of distinctive Tasmanian animals/mammals/birds. The team Tassie Flying Paws is still registered with the AFA, but the team names we run are Tassie Flying Devils, Tassie Flying Tigers, Tassie Flying Pademelons, Tassie Flying Quolls, Tassie Flying Bandicoots, and Tassie Flying Wombats.

The Club was successful in securing funding to upgrade the dog arena at Pontville plus invest in an indoor facility so the Club can train all year and hold indoor competitions.

We plan on this Club existing for all current and future members for a long time into the future for the enjoyment of all, especially the dogs.

Out of the Wilderness Flyball Competition

Timetable of Events

Friday – 24 th November	
3:00pm – 6.00pm	Layout and marking of the Competition Ring and practice for mainland teams
Saturday – 25 th November

11:40am	Competition commences – Round 4
1:00pm	End of the Competition and Pack Up

Out of the Wilderness Flyball Competition

Competition Format and Rules

The competition is an open handicap event where each team will compete in a best of five heats per race. Each team will race all the other teams twice each day (four times over the competition). This means if a dog was to run in every heat will would compete in 30 heats and therefore within the 40 heats per day maximum as set by the AFA.

The competition timetable is listed in the section Competition Timetable of this catalogue.

It is an AFA sanctioned event and will be run in accordance with the Rules and Policies of the Australian Flyball Association (AFA). Those rules and policies will be adhered to by AFA officials, AFA members and AFA volunteer members on the day.

Everyone involved in the competition are reminded of their responsibilities as AFA members in terms of the Code of Ethics, respect for officials and each other and that this is a public event where flyball is on display. There will be other events occurring at the same time at Pontville Park.

Special Race Rules for the Competition

The special rules for this competition as a round robin handicap open racing are the AFA rules for round robin format of racing with the following variations:

- To accommodate the handicap structure **there will be no restart** for first false start. Where the start dog from either team false starts that **dog must run again as the 5th dog**.
- The **sound system on the Signature lights will be disconnected** (or programmed to silent) **during the start sequence so that both teams receive light signals only**. It may be reconnected after the first team's start to signal bad crosses.
- Handicap times will be calculated for each and every race based on the difference in seed/declared times of both teams
- Breakout times for every team will also be based on their seed/declared time minus 0.5 second. All teams will have a Breakout time in this format.
- If the **handicap is greater than 10 seconds** between two teams then **scratch racing format** will be used and the heat times will be manually calculated to determine the winner.
- If there is any malfunction with the timing system an appropriate work around will be determined, worst case scenario is whistle and stopwatches.

Out of the Wilderness Flyball Competition

Determination of the Competition Winner

The following competition points are awarded for each round robin race:

- 2 points to the winning team;
- 1 point for each team for tied races
- 0 points to the losing team.

The team with the highest points at the end of the competition is the winner. In the event that two or more teams have the same number of competition points then for handicap racing, the winner using count back provisions will be determined by calculating the fastest adjusted time from the head to head race between those teams involved in the tie, and then applying the handicap of the slowest team involved in the tie. Any breakout times cannot be included in the calculations.

If the competition is abandoned under AFA's Race Meeting Cancellation Policy, results may not be declared unless at least one round robin has been completed. In which case the winner will be declared from the standings as of the last completed round robin.

First Aid and Vets

We have on-site first aid kits for both humans and dogs and Helen Strong is the first aid contact.

The first aid kits will be at the judge's table.

Most of the residential vets do not open on weekends.

The nearest vet is open 24 hours 7 days and is:

Animal Emergency Service

Out of the Wilderness Flyball Competition

Officials

Competition Officials

Any Flyball competition cannot happen without AFA qualified officials and we thank the following officials for assisting us, particularly those who have come from the mainland, Frank, Karen and Gavin.

AFA Judge

Frank Lux

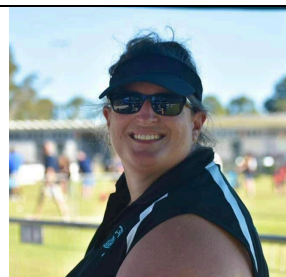

South Coast Tsunami Flyball

AFA Representative

Karen Bland

Southern Cross Flyball Club

Timekeepers

Gavin Bland

Southern Cross Flyball Club

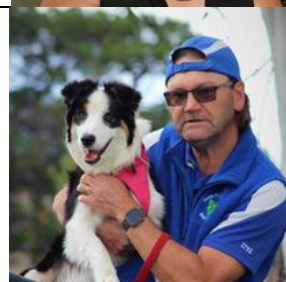

Bev Thompson

Tassie Flying Paws Dog Club Inc

David Strong

Tassie Flying Paws Dog Club Inc

Out of the Wilderness Flyball Competition

Competition Stewards

Likewise, thank you to our volunteer stewards who will make life easy for the dog handlers as they won't have to undertake the duties of box or line stewards during the competition.

Our designated stewards are:

- Candice Brunning (Sunday only)
- Erin Davis (Both days)
- Rhys Brimblecombe (Sunday only)
- Nat Frankcombe (Both days)

When this team need a break can members of the Club and other Clubs undertake this role for us.

Competition Box Loaders, Ball Shaggers & Assistants

Flyball is a team sport that requires assistance from other team members so that the team dogs and handlers can perform at their best. So, thank you to these volunteers for helping their teams. The most crucial role is that of the box loader, who can be the difference in winning or losing an event in which mere thousands of seconds could determine the winner.

Various club members will undertake the roles of box loaders, ball shaggers and assistants.

Photos of the Event

Brett Guy Photography (<https://www.facebook.com/BrettGuyPhotography>) will be on site Sunday day taking snaps of our dogs in action, people and the general environment.

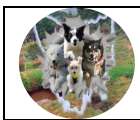

Out of the Wilderness Flyball Competition

Sponsors, Donors and Supporters

This competition could not have happened without the generous support of our sponsors, donors and supporters. While the Club has been busy fundraising to fund this event the contributions – financial, products, services for free, advice and assistance – from others have lessened the burden on our club and its members.

So, a huge THANK YOU to the following organisations and individuals.

		
<i>Nat Frankcombe</i>	<i>Sabina Rainer-Smith</i>	BRETT GUY PHOTOGRAPHY Wildlife ~ Pets ~ Landscapes
<i>Jenny Reid</i>	<i>Bec Robertson</i>	Break O'Day Plumbing
<i>Helen and David Strong</i>	<i>Erin Davis (Medibank)</i>	<i>Judy Richardson</i>

Out of the Wilderness Flyball Competition

Raffle

To help assist with funding for our competition we are running a little raffle, limited to 1,000 tickets at @2 each.

Tickets can be purchased at the competition.

Special thanks to Bruce and Margi Evers (Break O'Day Plumbing), David and Helen Strong, Judy Richardson, Sabina Raine-Smith, Nat Frankcombe and Erin Davis (Medibank) for donating the prizes for the raffle.

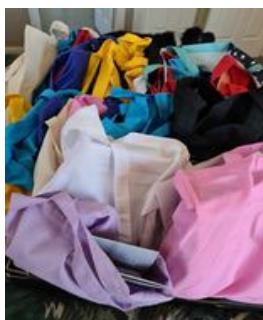

A big thank to Kier Tyson for managing the raffle for the Club.

Thanks to Jenny Reid and Bec Robertson we have welcoming packs and two special prizes.

Welcoming packs

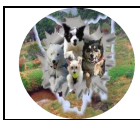

Lucky "gate" prize

Lucky participant prize

Out of the Wilderness Flyball Competition

Trophies

Out of the Wilderness Competition Trophy

The competition trophies are based on maps of Tasmania and are made from Tasmanian timbers. The trophies are made from Huon pine, Leigh Cragg of Leewood Woodcrafts sourced the timber for our perpetual trophy. To further distinguished the trophies another local craftsman Paul Keir of Master Cast designed, cast and created the medallions plus the name plates for the trophies.

This year the first-place trophies were made by Tassie Awards and Trophies.

Our competition trophies represent where our club comes from, and the natural beauty of our State and we hope everyone who competes this year and in future years desires to take a part of the beauty home with them.

Out of the Wilderness Flyball Competition

Dot & Derek Baverstock Memorable Flyball Excellence Award

The Club has created this award to recognise the contribution to flyball in Tasmania of Dot and Derek Baverstock, who commenced training dogs in flyball some 18 years ago at the Hobart Dog Training Club on the Domain. It is through this introduction of flyball training that flyball gathered momentum in the State. Dot and Derek were very early members of what is now known as the Tassie Flying Paws Dog Club and some members of CPAT learnt about flyball and were trained.

Dot & Derek moved from Queensland to Tasmania some 19 years ago and brought with them their own flyball equipment having previously been members of the Awesome Pawsome Flyball Racing. They were well known by the AFA members in Queensland and within the flyball community.

Without Dot & Derek's initial guidance and direction, many of the flyball dogs today in Tasmania would not be undertaking flyball at all so there are many dog handlers in Tasmania, particularly in our Club, who are forever grateful to them.

Sadly, Dot and Derek are no longer with us but they are with us in spirit.

To be successful as a flyball team, your 4 dogs running in a heat must complete the heat without fault the first criteria required to earn a flyball point for your dog, often referred to as a "clean run" and if your team was faster than the other team an additional point is earned. Our Club in competition focuses on "clean runs" and if we win a heat that is a bonus.

This Flyball Excellence Award will be awarded to the team that has the most "clean runs" during the competition where breakouts do not constitute a clean run for this award. In the event of a tie between teams the team whose average adjusted heat time is closest to their declared/seed time will be declared the winner. If there is still a tie then a sudden death one heat handicap race between the two teams will determine the winner, the winning team must do a "clean run".

Dot & Derek Baverstock
Flyball Excellence Award - Perpetual Trophy

Site Layout

There are toilets in the shower block (orange), which are for men and women. The shower block is the opposite end to the canteen (maroon).

The dog exercise/toileting area is marked in light blue and the yellow area is for car parking.

The area marked in red is for those staying with a caravans.

The competition is being held on the dog arena (green).

The pink arrow indicates how to access the site.

Google Maps Pontville Equestrian Park

Disposal Bins

These are located around the arena, the large cardboard bin near the canteen is for canteen use only. Please dispose of your waste in the appropriate designated disposal bins.

Dogs on leash

There are to be **NO DOGS OFF LEASH in the DOG ARENA except when competing** and no dogs are allowed on the sports ovals.

Please always pick up after your dogs and dispose in general waste bins.

Out of the Wilderness Flyball Competition

Food and Drink

The Club will have a canteen operating for lunch and afternoon tea on Saturday and for morning tea on Sunday.

On Sunday morning for those who are early there will be egg and bacon rolls.

On Sunday after the competition, we will be having a BBQ.

On Saturday night a booking has been made at the Brighton Pub for those who wish to get together.

A special thank you to Jenny for arranging all the food and to our Canteen assistants Jo Leamey and Betty Broadby.

Purchases can be made with cash or EFTPos.
