

Dogs NSW – Open Day Saturday 16th June.

Dogs NSW have invited the Australian Flyball Association to be part of their main Open Day showcasing dog sports activities on Saturday the 16th June. We have been asked to demonstrate Flyball with 4 half hour demonstrations and between demonstrations we can have beginner dogs training in the ring. Our Demos are set for 9.30, 11.00am, 1.00 pm and 2.30 pm.

I went out to the Dogs NSW Grounds at Erskine Park today to check the area they are setting aside for Flyball. It's a nice flat area with good grass just along the fence line opposite the main Office bld – we have been in this area before. They also have allocated us parking in an area reasonably close to where the Flyball ring will be set up.

On display at the Day will be Breed Clubs and a pageant of breeds, conformation classes, herding, earth dogs, obedience, agility, Jack Russell racing and Flyball.

All AFA Member are welcome to come along and take part in the demos. Closer to the day we will ask people to indicate if they want to attend and get details of the dogs. So this is an early warning to keep the day free.
